

# **Diamond Open Access Fund**

## Track C: Diamond projects linked to UNIL, CHUV, Unisanté or HEP Vaud

### **Objectives**

Through track C, BCUL wishes to support all types of Diamond initiatives (journals, platforms, networks, research projects, etc.) linked to UNIL, CHUV, Unisanté or HEP Vaud.

The aim is to:

- subsidize existing initiatives, enabling them to become more professional, improve their workflow, set up one-off projects or contribute to greater financial sustainability
- encourage the launch of new Diamond projects or, particularly in the case of journals, promote the transition from non-Diamond to Diamond
- raise the profile of Diamond OA by presenting it as an economically and ethically viable option

#### **Application Process**

Applications should be submitted via the "Project Application Form". Once completed, the form can be e-mailed to <a href="mailed-to-reb@bcu.unil.ch">reb@bcu.unil.ch</a>. Any questions about the submission process can also be sent to <a href="mailed-to-reb@bcu.unil.ch">reb@bcu.unil.ch</a>.

The deadline for submissions is June 1<sup>st</sup> of each year. Funding decisions are made by a committee made up of representatives from BCUL, BiUM and BCUL site HEP Vaud. Decisions are communicated at the beginning of September.

## **Eligibility and Assessment Criteria**

Project applicants must comply with the following eligibility criteria. The evaluation criteria, listed for information purposes, are used by committee members to assess projects.

| Eligibility Criteria                   |                                     |
|--|-------------------------------------|
| Applicant (person or organization      | Initiative/Project                  |
| submitting the project)                |                                     |
| Link with UNIL, CHUV, Unisanté or      | Link with UNIL, CHUV, Unisanté or   |
| HEP Vaud (mandatory if the             | HEP Vaud (mandatory if the          |
| initiative/project does not have one)  | applicant does not have one)        |
| Non-commercial entity. Applications    | Link to Diamond AO. Projects        |
| from for-profit organizations will not | based on other types of OA will not |
| be considered                          | be considered                       |
| Full transparency on legal ownership,  | Journal: must be Diamond or use     |
| business model (financing, donations,  | funds to become Diamond             |
| membership, etc.) and organizational   |                                     |
| chart (committees, employees, etc.)    |                                     |
| Accounting infrastructure capable of   |                                     |
| receiving funds, compatible with       |                                     |
| Canton de Vaud invoicing practices     |                                     |

| Assessment Criteria                      |                                       |
|--|---------------------------------------|
| Applicant                                | Initiative/Project                    |
| Importance of links with UNIL, CHUV,     | Importance of links with the          |
| Unisanté or HEP Vaud                     | community, teaching, fields or        |
|  | projects of UNIL, CHUV, Unisanté or   |
|  | HEP Vaud                              |
| Age, history and stability of applicant  | Feasibility of project, realistic     |
| organization                             | timetable                             |
| Financial stability of the applicant     | Clarity and control of the budget     |
| Importance of the applicant organization | Relevance and scope of the project    |
| for Diamond OA and the research          | for the promotion of Diamond OA in    |
| community in general                     | general                               |
| Use of Open-Source technologies and      | Regional, national and international  |
| infrastructures                          | impact                                |
| Applicants who have previously received  | Project previously supported by the   |
| support from the Diamond Fund            | Diamond Fund                          |
|  | Professionalization, modernization or |
|  | perpetuation of an existing resource  |
|  | Journal: transition from non-Diamond  |
|  | to Diamond                            |

#### **Available funds**

The maximum amount that can be allocated to a project is CHF 10,000. Exceptions may be made, but only if duly justified. The committee reserves the right to reduce the amount requested if it deems this to be appropriate, or if this would enable a greater number of projects to be supported. The same applicant may apply for funding for the same or a different project over several funding cycles. However, a new application must be submitted for each cycle.
